

# HOPE Worksheet

You can (closely) calculate your HOPE GPA. The core classes are the only ones used. If you have failed a class those grades must be entered.

## Classes to use:

English-4

Math-4

Science-4

History-4

Foreign language-2

For each .5 unit class (Government, Economics) write the grade down once. For each 1.0 class write the grade down twice. Add up all the converted scores and then divide by the number of boxes you used.

A=4pts.

B=3 pts.

C=2 pts.

F=0 pts.

GSFC **does** subtract any 'bonus' points added to AP/Honors Classes when calculating GPA.
