

## Middle School Softball Tryouts

Parents, due to the number of girls signed up to play softball this year, and the rising number of students in our school, we are starting tryouts this year. We have 23 girls signed up to play middle school softball and only 13 girls will make the team. Having an A and B team is not an option for us because every game we play (except for 2) will be played before or after a varsity game. There will not be enough daylight to allow this. Tryouts will be July 12, 13, and 14 from 10:00 AM - 11:30 AM. If you will be gone on vacation that week, please let me know as soon as possible and we can make other arrangements. The tryouts will be run by myself, along with 2 or 3 other coaches. Girls will be rated on fielding, throwing, batting, and knowledge of the game. After tryouts have been completed, I will send an email to all parents with a list of the girls who made the team. At no time will the coaches' ratings of the players be made public or discussed. Once the team is set there will be no adjusting it.

Please sign and bring this form to tryouts on July 12, for your daughter to be considered for placement on the team.

I understand my daughter will be rated on softball skills' including throwing, catching, fielding ground balls, catching pop fly's, hitting, and base running. I understand there will be 1 team comprised of 13 girls. I understand that coaches will be rating the players for 3 days. No one day or one skill will determine placement. I understand scores will be determined by the average of 3 or 4 coaches in order to properly evaluate each player and form an unbiased outcome. I understand that placement on a team will not be discussed with any faculty member or administration.
